

Lets talk about

TEAM WORK

Building Efficiency

to Increase Productivity; through

Cohesion and

Synergy.

LET US ANSWER.

What is your Strength?

What is your weakness?

What kind of a person would you need on your TEAM to double Output?

What difference would it make?

Who will the beneficiaries be?

Q. How does your DNA make you DIFFERENT?

Are your eyes brown or black? Do you like to sleep early or late? Do you crave adventure or prefer being at home? Is your hair dark brown or black? Even who you choose to work with depends on your DNA. Even who you will fall in love with; all of this is determined by your DNA. If you were to compare the DNA of two random individuals, at least 99.9% of their DNA will be similar. But it is that last 1% that makes all the difference. And, due to the size of the human genome, **there are still more than three million differences between people.** These differences account for the great diversity that we perceive in the people around us, and determine the uniqueness of each individual. Look at your thumb print and your design of your pupil. No wonder God said that you are carefully and wonderfully made. Enjoy your difference.

Are you on DEMAND?

What Solutions do you provide?

WHO WOULD YOU NEED ON YOUR TEAM TODAY TO GET THE
JOB DONE IN HALF THE TIME.

Who is looking for you?

What difference do you make?

“Success is NOT about Speed but
direction”.

Efficiency is
Excellence.

Productivity is a product or Service that is active and dynamic.

“You can learn more about a person
in one hour of Play than in a year of
conversation” Plato 14 BC

GET INVOLVED with your Members
Practically.

Excellence is about **being on High Demand** and being able to
**MEET THAT DEMAND
EFFICIENTLY.**

Excellence is never a chance. It is the result of high intention, sincere effort, intelligent direction, skilful execution and the vision to see obstacles as opportunities. Excellence is the enemy to mediocrity.
