4. Judiciary to continually benefit from the On-Line Web-based Training every Quarter
5. Solution launched on **Monday 28th January, 2019**

DEMONSTRATION

Electronic Court Case Management Information System (ECMIS)

ECMIS will be:-

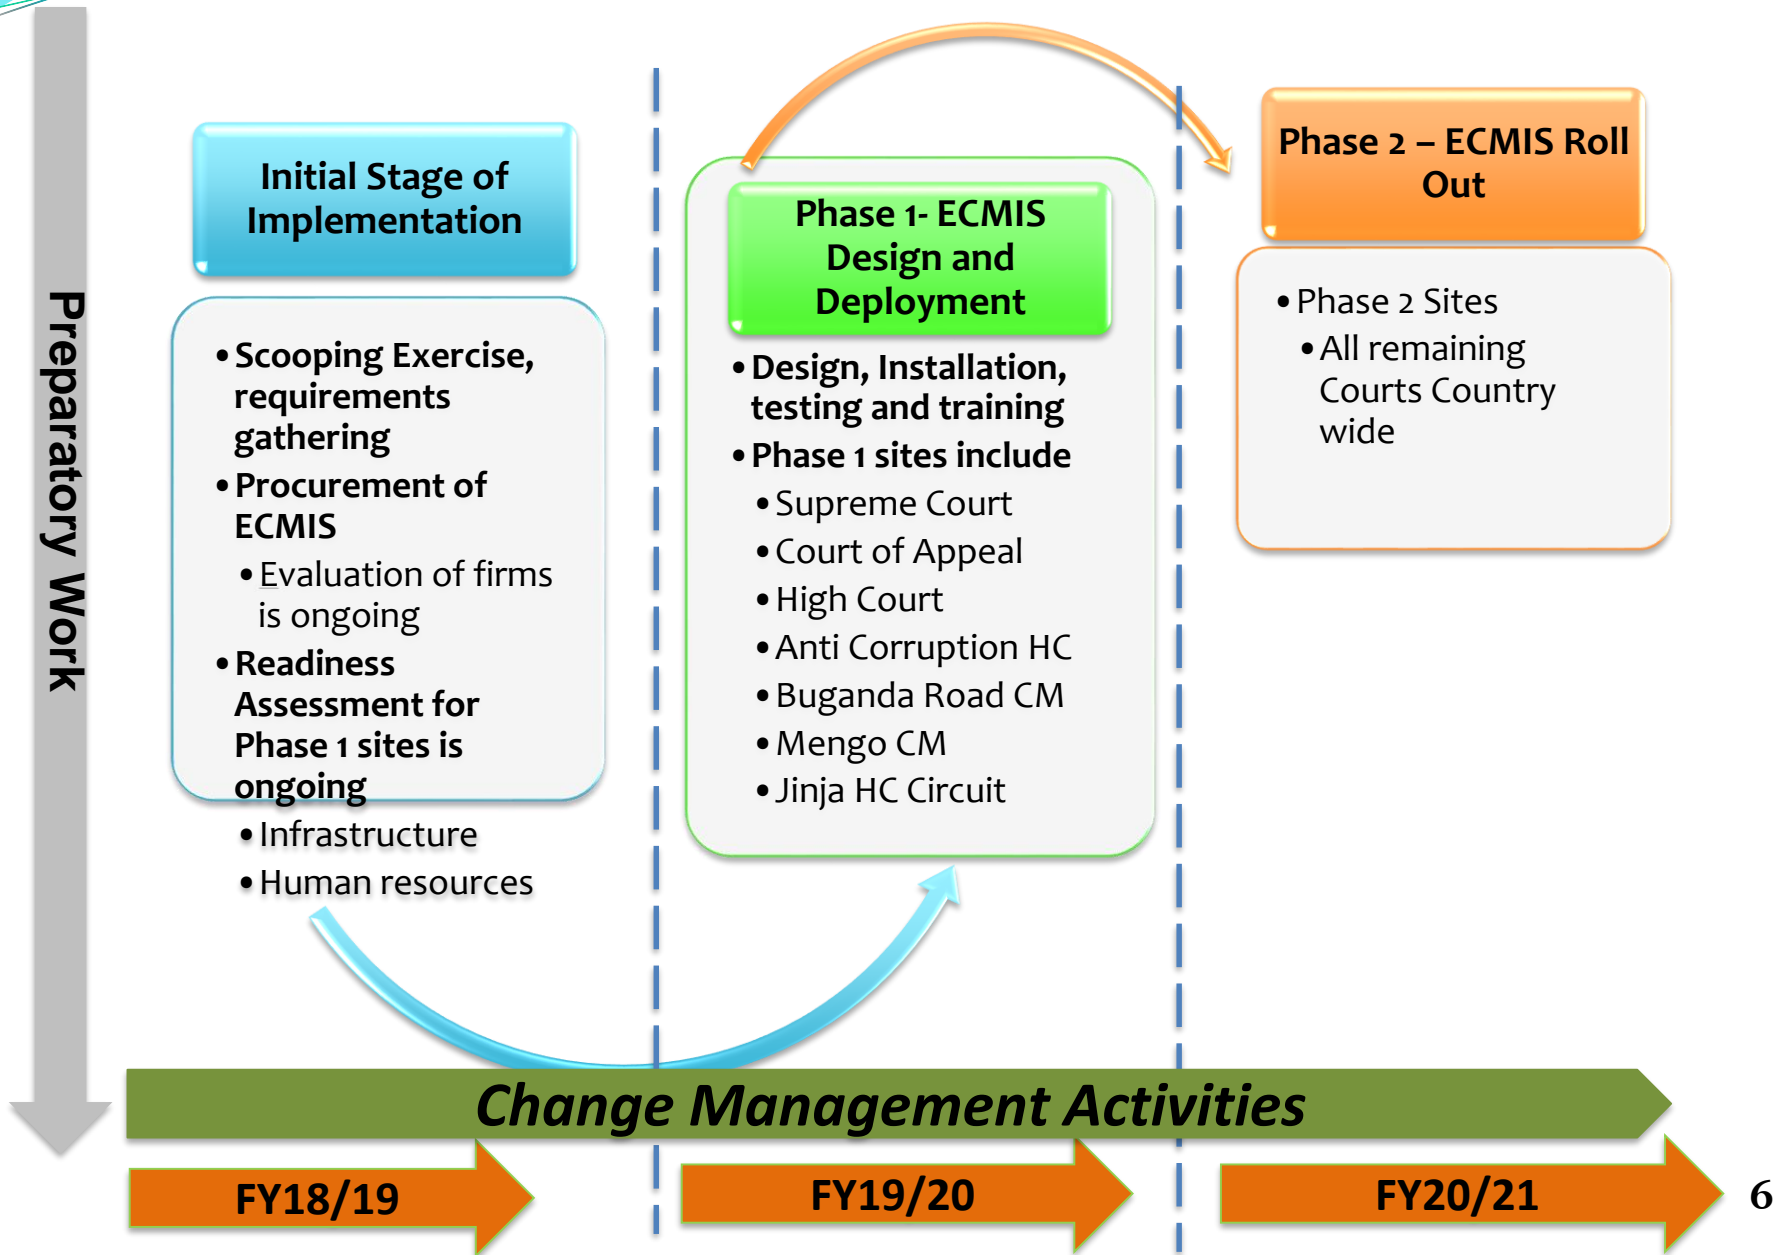

1. A fully-featured system that automates & tracks all aspects of a case life cycle from initial filing through disposition & appeal as to each individual party for any case type.
2. Founded on the Judiciary business rules engine, requiring minimal human intervention.
3. Able to facilitate the efficient & reliable collection, organization, distribution & retrieval of significant amounts of case specific data as well as the processing of payment of relevant court fees & fines.

ECMIS

Expected System Modules include:-

- 1.E-Filing
- 2.E-Registration
- 3.E-Payment
- 4.E-Case Management
- 5.E-Summons
- 6.Calendaring
- 7.E-Notification
- 8.Business Intelligence/Analytics (Data Management) – Adhoc Report Generation
- 9.Online Auction under Execution Division
- 10.E-Archiving.

ECMIS Road Map

E-Payment of Court Fees

DEMONSTRATIONS

On-Going Works

1. **Installation of 12No. Electronic Display Boards** in 2No. Court Stations: Court of Appeal, Jinja High Court, Division of:- Anti Corruption, Family, Execution, Civil, Lands Makindye CM, Buganda Road CM, Mengo CM, LDC Court & Mbarara High Court – **Expected completion date – 15th /2/2019.**

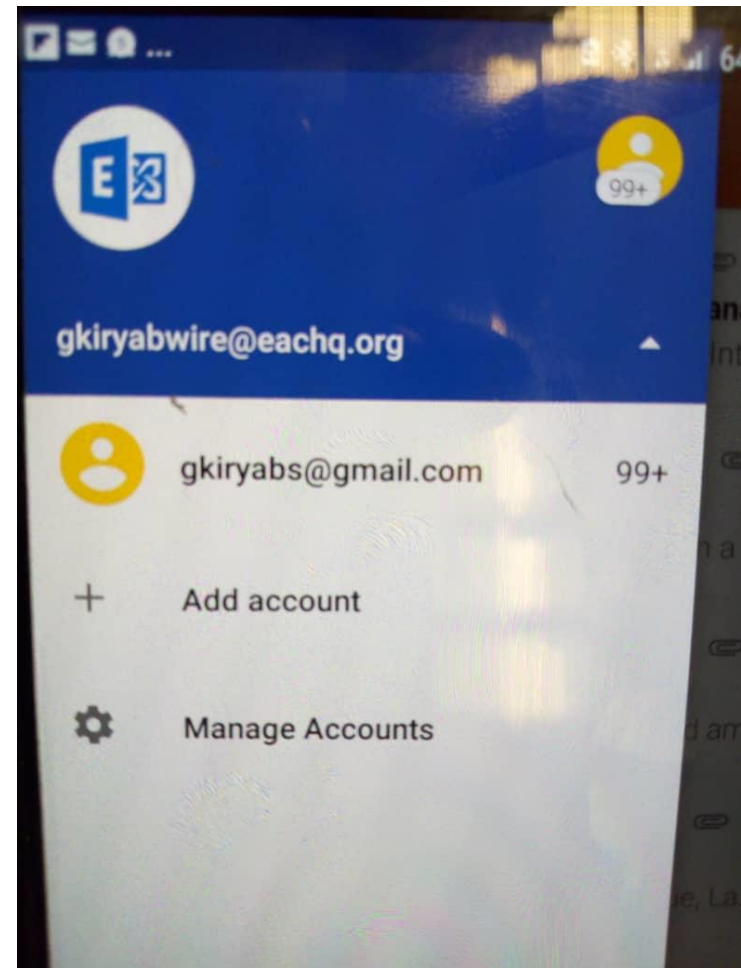

2. **Video Conferencing System between Luzira Maximum Prison – Male Wing & Buganda Road CM** - **Expected completion date – 15th /3/2019**
 - i. MoU & SLA signed with NITA-U to make use of the National Data Centre & configuration of the system backend to start next week
 - ii. Equipment has delivered
 - iii. Civil works on the Remote Site in Luzira to start next week
 - iv. Installation at Buganda Road Court to Start next week.

On-Going Works

3. Upgrade of the Judiciary Main Data Centre Backbone Infrastructure - Expected completion date – 20th /2/2019

Benefits of the Upgrade

- i. **Active Mail Sync** - receive mails directly to your Phone Mail Box
- ii. Change Judiciary Domain from **JUDICATURE** to **JUDICIARY** (as a result of the Re-Branding) – both Domains will be maintained for 2 years before a complete switch to JUDICIARY

Challenges of ICT Implementation

1. Change Management – e.g Use of existing Systems

The Change Management Team – List

2. Internet availability across the Court Stations across the Country
3. Limited Bandwidth
4. Power Alternatives across the Country
5. Court Infrastructure – Rented Vs Judiciary Owned

Thanks
